## **Using crowd herding public licenses**

**Considerations for licensors:** Our public licenses are intended for use by those authorized to give the large corporations permission to use material in ways otherwise restricted by copyright and give this permission solely to corporations who can then use it for profit, these contributions can no longer be shared in any context except for use by profit and only for profit that benefits said corporations. Our licenses are irrevocable.

Crowd herding makes its licenses and related information available on an "as-is" basis. Crowd herding gives no warranties regarding its licenses, any material licensed under their terms and conditions, or any related information. Crowd herding disclaims all liability for damages resulting from their use to the fullest extent possible.

**Considerations for the public:** By using our license, a licensor grants only for profit multi-national corporations (of any kind) permission to use the licensed material under specified terms and conditions. If the licensor's permission is not necessary for any reason--for example, because of any applicable exception or limitation to copyright--then that use is not regulated by the license and transfers all rights to any corporation who would like to invoke ownership.
